MANAGEMENT DISCUSSION AND ANALYSIS

a) Industry Structure and Trends:

NBFCs have become important constituents of India's financial sector and have been recording higher credit growth than scheduled commercial banks (SCBs) over the past few years.

Capital Market is dependent on various external factors beyond the control of the Management. Factors like economy, Industrial Growth, Level of Export, Political Scenario, Reform initiatives of the Government. The participants having any dealing with Capital Market are affected directly by the movement in the market.

b) Opportunities and Threats:

The outlook in the year ended 31.03.2025 was mixed for the Capital Market. Keeping in view of the growth in the economy and investment made by the FII's sensex is scaling new heights and as results all concerned will be benefited. However capital market is dependent on various external factors sometimes beyond the control of the management.

c) Outlook:

Major changes and long term economic reforms have been introduced by the Government. With the change in Government, new economic policies in terms of the common minimum program are expected which will have its own impact on the capital markets which will affect the market participants.

d) Risks & Concerns:

The volatility in Stock Market, economic situation of the country, market risk and client default risk are high in this business. Your company proposes to manage these risks by adopting effective risk management practices.

e) Internal Control System:

There is an effective system of monitoring internal control in the company and these Policies and Procedures are reviewed from time to time.

f) Financial performance:

The financial performance of the company has been covered in the Director's Report.

g) Human Resource Development:

The relations with employees continued to be cordial and progressive. The total number of employees in the company as on 31st March 2025 was 6 (Six).

h) Significant Financial Ratio

AUDITOR'S REPORT
TO THE MEMBERS OF CUBICAL FINANCIAL SERVICES LIMITED
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **CUBICAL FINANCIAL SERVICES LIMITED** ('the Company'), which comprise the Balance Sheet as at 31st March 2025, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. (in which are included the returns for the year ended on the date)

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's responsibilities for the audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matters	How our audit addressed the key audit matter
Revenue Recognition The total expected cash flows of the instrument over the life of the instrument must be substantially based on the profit or loss, change in the recognized net assets or fair value of the recognized and unrecognized net assets of the entity over the life of the instrument. Profit or loss and the change in the recognized net assets shall be measured in accordance with relevant accounting principles generally accepted in India.	Our audit procedures included evaluation of the design and operating effectiveness of key controls over revenue recognition related to trading activities. We performed data analytics to identify unusual revenue patterns, and tested a sample of revenue transactions, including those near the reporting date, to assess whether revenue was recognized in the appropriate period and in line with the Company's accounting policies. We also reviewed the accounting policy and disclosures for compliance with the applicable financial reporting framework.
Given the scale and complexity of such transactions, and the reliance on fair value and profit or loss measurement of financial instruments, we considered revenue from sale of shares and securities to be a key audit matter due to the risk of material misstatement arising from errors or inconsistent application of the revenue recognition principles.	

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management's for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance

with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- (d) Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in

- i. planning the scope of our audit work and in evaluating the results of our work; and
- ii. to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by 'the Companies (Auditor's Report) Order, 2020 ("the Order")', issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the 'Annexure I' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Section 469 of Companies Act, 2013

- (e) On the basis of the written representations received from the directors as on 31st March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of internal financial control over financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in “**Annexure II**”. Our Report expresses an unmodified opinion on the adequacy and effectiveness of the company’s internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditors Report in accordance with requirements of section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations on its financial position in its financial statements.
 - ii. According to the information and explanations provided to us, the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that other than those disclosed in the notes to accounts,
 - I. No funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - II. No funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (I) and (II) above, contain any material misstatement.
 - v. As per Management’s representation received that to the best of its knowledge and belief, the company has not declared or paid dividend either final or interim in nature during the year.
 - vi. Based on the MCA Notification dated 24.03.2021, read together with the MCA Notification dated 31.03.2022, it is mandatory to have an audit trail feature in accounting software effective from 01.04.2023 (beginning with FY 2023-24).

Upon examination, which included a test check, we found that the company has used accounting software with an audit trail (Edit Log) feature to maintain its books of accounts. This feature has been operational throughout the year for all relevant transactions recorded in the software. During our audit, we did not encounter any instances of tampering with the audit trail feature.

**“ANNEXURE II” TO THE AUDITORS’ REPORT
TO THE MEMBERS OF CUBICAL FINANCIAL SERVICES LIMITED**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **CUBICAL FINANCIAL SERVICES LIMITED** (“the Company”) as of 31st March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”).

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Cubical Financial Services Ltd****CIN-L65993DL1990PLC040101****Notes of the financial statements for the year ended March 31, 2025****1.1 Corporate Information**

Cubical Financial Services Ltd. is a DSE/BSE listed investment Company incorporated in May, 1990. As an Investment Company, we are engaged in regular investments as per our in-house analysis in financial markets, stocks & properties etc. for short term as well as long term basis.

1.2 Basis of preparation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act and the Master Direction – Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 ('the NBFC Master Directions') issued by RBI. The financial statements have been prepared on a going concern basis. The Company uses accrual basis of accounting except in case of significant uncertainties.

1.3 Presentation of financial statements

The Company presents its Balance Sheet in order of liquidity.

The Company generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only when Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically unless they are material in nature.

Critical accounting estimates and judgments

The preparation of the Company's financial statements requires Management to make use of estimates and judgments. In view of the inherent uncertainties and a level of subjectivity involved in measurement of items, it is possible that the outcomes in the subsequent financial years could differ from those on which the Management's estimates are based. Accounting estimates and judgments are used in various line items in the financial statements for e.g.:

- Business model assessment [Refer note no. 2.4(i)]
- Fair value of financial instruments [Refer note no. 2.12]
- Effective Interest Rate (EIR) [Refer note no. 2.1(i)]
- Impairment on financial assets [Refer note no. 2.4(i)]
- Provisions and other contingent liabilities [Refer note no. 2.10]
- Provision for tax expenses [Refer note no. 2.6]
- Residual value and useful life of property, plant and equipment [Refer note no. 2.7]

2. Summary of significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Income**(i) Interest income**

The Company recognises interest income using Effective Interest Rate (EIR) on all financial assets subsequently measured at amortised cost or fair value through other comprehensive income (FVOCI). EIR is calculated by considering all costs and incomes attributable to acquisition of a financial asset or assumption of a financial liability and it represents a rate that exactly discounts estimated future cash payments/receipts

through the expected life of the financial asset/financial liability to the gross carrying amount of a financial asset or to the amortised cost of a financial liability.

The Company recognises interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets. In case of credit-impaired financial assets [as set out in note no. 2.4(i)] regarded as 'stage 3', the Company recognises interest income on the amortised cost net of impairment loss of the financial asset at EIR. If the financial asset is no longer credit-impaired [as outlined in note no. 2.4(i)], the Company reverts to calculating interest income on a gross basis.

Delayed payment interest (penal interest) levied on customers for delay in repayments/non payment of contractual cashflows is recognised on realisation.

Interest on financial assets subsequently measured at fair value through profit or loss (FVTPL) is recognised at the contractual rate of interest.

(ii) Dividend income

Dividend income on equity shares is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

(iii) Other revenue from operations

The Company recognises revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial Instruments' is applicable) based on a comprehensive assessment model as set out in Ind AS 115 'Revenue from contracts with customers'. The Company identifies contract(s) with a customer and its performance obligations under the contract, determines the transaction price and its allocation to the performance obligations in the contract and recognises revenue only on satisfactory completion of performance obligations. Revenue is measured at fair value of the consideration received or receivable.

(a) Fees and commission

The Company recognises service and administration charges towards rendering of additional services to its loan customers on satisfactory completion of service delivery.

Fees on value added services and products are recognised on rendering of services and products to the customer.

Distribution income is earned by selling of services and products of other entities under distribution arrangements. The income so earned is recognised on successful sales on behalf of other entities subject to there being no significant uncertainty of its recovery. Foreclosure charges are collected from loan customers for early payment/closure of loan and are recognised on realisation.

(b) Net gain on fair value changes

Financial assets are subsequently measured at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI), as applicable. The Company recognises gains/losses on fair value change of financial assets measured as FVTPL and realised gains/losses on derecognition of financial asset measured at FVTPL and FVOCI.

(c) Sale of services

The Company, on de-recognition of financial assets where a right to service the derecognised financial assets for a fee is retained, recognises the fair value of future service fee income over service obligations cost on net basis as service fee income in the statement of profit or loss and, correspondingly creates a service asset in Balance Sheet. Any subsequent increase in the fair value of service assets is recognised as service income and in the service asset is recognised as interest income in line with Ind AS 109 'Financial instruments'.

Other revenues on sale of services are recognised as per Ind AS 115 'Revenue From Contracts with Customers' as articulated above in 'other revenue from operations'.

(d) Recoveries of financial assets written off

The Company recognises income on recoveries of financial assets written off on realisation or when the right to receive the same without any uncertainties of recovery is established.

Summary of significant accounting policies (Contd.)

(iv) Taxes

Incomes are recognised net of the Goods and Services Tax/Service Tax, wherever applicable

2.2 Expenditures

(i) Finance costs

Borrowing costs on financial liabilities are recognised using the EIR [refer note no. 2.1(i)].

(ii) Fees and commission expenses

Fees and commission expenses which are not directly linked to the sourcing of financial assets, such as commission/incentive incurred on value added services and products distribution, recovery charges and fees payable for management of portfolio etc., are recognised in the Statement of Profit and Loss on an accrual basis.

(iii) Taxes

Expenses are recognised net of the Goods and Services Tax/Service Tax, except where credit for the input tax is not statutorily permitted.

2.3 Cash and cash equivalents

Cash and cash equivalents include cash on hand, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.4 Financial instruments

A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Trade receivables and payables, loan receivables, investments in securities and subsidiaries, debt securities and other borrowings, preferential and equity capital etc. are some examples of financial instruments.

All the financial instruments are recognised on the date when the Company becomes party to the contractual provisions of the financial instruments. For tradable securities, the Company recognises the financial instruments on settlement date.

(i) Financial assets

Financial assets include cash, or an equity instrument of another entity, or a contractual right to receive cash or another financial asset from another entity. Few examples of financial assets are loan receivables, investment in equity and debt instruments, trade receivables and cash and cash equivalents.

Initial measurement

All financial assets are recognised initially at fair value including transaction costs that are attributable to the acquisition of financial assets except in the case of financial assets recorded at FVTPL where the transaction costs are charged to profit or loss.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified into four categories:

- (a) Debt instruments at amortised cost
- (b) Debt instruments at FVOCI
- (c) Debt instruments at FVTPL
- (d) Equity instruments designated at FVOCI

(a) Debt instruments at amortised cost

The Company measures its financial assets at amortised cost if both the following conditions are met:

The asset is held within a business model of collecting contractual cash flows; and
Contractual terms of the asset give rise on specified dates to cash flows that are Sole Payments of Principal and Interest (SPPI) on the principal amount outstanding.

To make the SPPI assessment, the Company applies judgment and considers relevant factors such as the nature of portfolio and the period for which the interest rate is set.

Summary of significant accounting policies (Contd.)

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Company's business model is not assessed on an instrument by instrument basis, but at a higher level of aggregated portfolios. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated financial assets going forward.

The business model of the Company for assets subsequently measured at amortised cost category is to hold and collect contractual cash flows. However, considering the economic viability of carrying the delinquent portfolios in the books of the Company, it may sell these portfolios to banks and/or asset reconstruction companies.

After initial measurement, such financial assets are subsequently measured at amortised cost on effective interest rate (EIR). For further details, refer note no. 2.1(i). The expected credit loss (ECL) calculation for debt instruments at amortised cost is explained in subsequent notes in this section.

(b) Debt instruments at FVOCI

The Company subsequently classifies its financial assets as FVOCI, only if both of the following criteria are met:

- (i) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets; and
- (ii) Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

Debt instruments included within the FVOCI category are measured at each reporting date at fair value with such changes being recognised in other comprehensive income (OCI). The interest income on these assets is recognised in profit or loss. The ECL calculation for debt instruments at FVOCI is explained in subsequent notes in this section.

Debt instruments such as long term investments in Government securities to meet regulatory liquid asset requirement of the Company's deposit program and mortgage loans portfolio where the Company periodically resorts to partially selling the loans by way of assignment to willing buyers are classified as FVOCI.

On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified to profit or loss.

(c) Debt instruments at FVTPL

The Company classifies financial assets which are held for trading under FVTPL category. Held for trading assets are recorded and measured in the Balance Sheet at fair value. Interest and dividend incomes are recorded in interest income and dividend income, respectively according to the terms of the contract, or when the right to receive the same has been established. Gain and losses on changes in fair value of debt instruments are recognised on net basis through profit or loss.

The Company's investments into mutual funds, Government securities (trading portfolio) and certificate of deposits for trading and short term cash flow management have been classified under this category.

(d) Equity investments designated under FVOCI

All equity investments in scope of Ind AS 109 'Financial Instruments' are measured at fair value. The Company has strategic investments in equity for which it has elected to present subsequent changes in the fair value in other comprehensive income. The classification is made on initial recognition and is irrevocable.

All fair value changes of the equity instruments, excluding dividends, are recognised in OCI and not available for reclassification to profit or loss, even on sale of investments. Equity instruments at FVOCI are not subject to an impairment assessment.

**Summary of significant accounting policies (Contd.)****Derecognition of Financial Assets**

The Company derecognises a financial asset (or, where applicable, a part of a financial asset) when:
The right to receive cash flows from the asset have expired; or

The Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under an assignment arrangement and the Company has transferred substantially all the risks and rewards of the asset. Once the asset is derecognised, the Company does not have any continuing involvement in the same.

The Company transfers its financial assets through the partial assignment route and accordingly derecognises the transferred portion as it neither has any continuing involvement in the same nor does it retain any control. If the Company retains the right to service the financial asset for a fee, it recognises either a servicing asset or a servicing liability for that servicing contract. A service liability in respect of a service is recognised at fair value if the fee to be received is not expected to compensate the Company adequately for performing the service. If the fees to be received is expected to be more than adequate compensation for the servicing, a service asset is recognised for the servicing right at an amount determined on the basis of an allocation of the carrying amount of the larger financial asset.

On derecognition of a financial asset in its entirety, the difference between:

- the carrying amount (measured at the date of derecognition) and
- the consideration received (including any new asset obtained less any new liability assumed) is recognised in profit or loss.

Impairment of financial assets

ECL are recognised for financial assets held under amortised cost, debt instruments measured at FVOCI, and certain loan commitments.

Financial assets where no significant increase in credit risk has been observed are considered to be in 'stage 1' and for which a 12 month ECL is recognised. Financial assets that are considered to have significant increase in credit risk are considered to be in 'stage 2' and those which are in default or for which there is an objective evidence of impairment are considered to be in 'stage 3'. Lifetime ECL is recognised for stage 2 and stage 3 financial assets.

At initial recognition, allowance (or provision in the case of loan commitments) is required for ECL towards default events that are possible in the next 12 months, or less, where the remaining life is less than 12 months.

In the event of a significant increase in credit risk, allowance (or provision) is required for ECL towards all possible default events over the expected life of the financial instrument ('lifetime ECL').

Financial assets (and the related impairment loss allowances) are written off in full, when there is no realistic prospect of recovery.

Treatment of the different stages of financial assets and the methodology of determination of ECL**(a) Credit impaired (stage 3)**

The Company recognises a financial asset to be credit impaired and in stage 3 by considering relevant objective evidence, primarily whether:

- i. Contractual payments of either principal or interest are past due for more than 90 days;
- ii. The loan is otherwise considered to be in default.

Restructured loans, where repayment terms are renegotiated as compared to the original contracted terms due to significant credit distress of the borrower, are classified as credit impaired. Such loans continue to be in stage 3 until they exhibit regular payment of renegotiated principal and interest over a minimum observation period, typically 12 months– post renegotiation, and there are no other indicators of impairment. Having satisfied the conditions of timely payment over the observation period these loans could be transferred to stage 1 or 2 and a fresh assessment of the risk of default be done for such loans.

Summary of significant accounting policies (Contd.)

Interest income is recognised by applying the EIR to the net amortised cost amount i.e. gross carrying amount less ECL allowance.

(b) Significant increase in credit risk (stage 2)

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting period by considering the change in the risk of default of the loan exposure. However, unless identified at an earlier stage, 30 days past due is considered as an indication of financial assets to have suffered a significant increase in credit risk. Based on other indications such as borrower's frequently delaying payments beyond due dates though not 30 days past due are included in stage 2 for mortgage loans.

The measurement of risk of defaults under stage 2 is computed on homogenous portfolios, generally by nature of loans, tenors, underlying collateral, geographies and borrower profiles. The default risk is assessed using PD (probability of default) derived from past behavioural trends of default across the identified homogenous portfolios. These past trends factor in the past customer behavioural trends, credit transition probabilities and macroeconomic conditions. The assessed PDs are then aligned considering future economic conditions that are determined to have a bearing on ECL.

(c) Without significant increase in credit risk since initial recognition (stage 1)

ECL resulting from default events that are possible in the next 12 months are recognised for financial instruments in stage 1. The Company has ascertained default possibilities on past behavioural trends witnessed for each homogenous portfolio using application/behavioural score cards and other performance indicators, determined statistically.

(d) Measurement of ECL

The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of our portfolios over a period of time have been applied to determine impact of macro economic factors.

Company has incurred any loss of assets or Interest Income thereon in last 3 Financial years, therefore expected credit loss is assumed as per RBI Prudential Norms on Prudent Basis.

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

Provision for non-performing assets is recorded at rates which are equal to or higher than the rates specified by Reserve Bank of India in their guidelines on prudential norms. The rates used by the Company are as follows:

a. Provision for Non-Performing Assets

- Provision for standard and non-performing assets
- In accordance with Prudential Norms, contingent provision at 0.25% has been created on outstanding standard assets.
- In accordance with Para 10 of Prudential Norms, the Company has shown provision for loans under 'Provisions' forming part of 'Non Financial Assets'

**Summary of significant accounting policies (Contd.)****(ii) Financial liabilities**

Financial liabilities include liabilities that represent a contractual obligation to deliver cash or another financial assets to another entity, or a contract that may or will be settled in the entities own equity instruments. Few examples of financial liabilities are trade payables, debt securities and other borrowings and subordinated debts.

Initial measurement

All financial liabilities are recognised initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade payables, other payables, debt securities and other borrowings.

Subsequent measurement

After initial recognition, all financial liabilities are subsequently measured at amortised cost using the EIR [Refer note no. 2.1(i)]. Any gains or losses arising on derecognition of liabilities are recognised in the Statement of Profit and Loss.

Derecognition

The Company derecognises a financial liability when the obligation under the liability is discharged, cancelled or expired.

(iii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet only if there is an enforceable legal right to offset the recognised amounts with an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

2.5 Investment in subsidiaries

Investment in subsidiaries is recognised at cost and are not adjusted to fair value at the end of each reporting period. Cost of investment represents amount paid for acquisition of the said investment.

The Company assesses at the end of each reporting period, if there are any indications that the said investment may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any i.e. the deficit in the recoverable value over cost.

The company do not have any investment in subsidiary for the year.

2.6 Taxes**(i) Current tax**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) prescribed therein. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current tax relating to items recognised outside profit or loss is recognised in correlation to the underlying transaction either in OCI or directly in other equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

2.7 Property, plant and equipment

Property, plant and equipment are carried at historical cost of acquisition less accumulated depreciation and impairment losses, consistent with the criteria specified in Ind AS 16 'Property, Plant and Equipment'.

a) Depreciation is provided on a pro-rata basis for all tangible assets on straight line method over the useful life of assets, except buildings which is determined on written down value method.

(b) Useful lives of assets are determined by the Management by an internal technical assessment except where such assessment suggests a life significantly different from those prescribed by Schedule II – Part C of the Companies Act, 2013 where the useful life is as assessed and certified by a technical expert.

Summary of significant accounting policies (Contd.)

- (c) Depreciation on addition to assets and assets sold during the year is being provided for on a pro rata basis with reference to the month in which such asset is added or sold as the case may be.
- (d) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.8 Intangible assets and amortisation thereof

Company doesn't have intangible assets during the year.

2.9 Impairment of non-financial assets

An assessment is done at each Balance Sheet date to ascertain whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of asset is determined. If the carrying value of relevant asset is higher than the recoverable amount, the carrying value is written down accordingly.

2.10 Provisions and contingent liabilities

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. The Company also discloses present obligations for which a reliable estimate cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.11 Foreign currency translation

There is no foreign exchange transaction during the year.

2.12 Fair value measurement

The Company measures its qualifying financial instruments at fair value on each Balance Sheet date.

Fair value is the price that would be received against sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place in the accessible principal market or the most advantageous accessible market as applicable.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy into Level I, Level II and Level III based on the lowest level input that is significant to the fair value measurement as a whole. For a detailed information on the fair value hierarchy, refer note no. 22 and 48.

For assets and liabilities that are fair valued in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

2.13 Unless specifically stated to be otherwise, these policies are consistently followed.

(ii) Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is insignificant to the fair value measurements as a whole.

Level 1 : quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 : valuation techniques for which the lowest level inputs that has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3 : valuation techniques for which the lowest level input which has a significant effect on fair value measurement is not based on observable market data.

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities, other than those whose fair values are close approximations of their carrying values.
